S E C R E T

386 BG: 32 a/c dispatched (30 a-26, 2 MW), 15 dropping 84 x 500 lb, 7 x 500 lb on primary. 15 a/c dropped 84 x 500 lb, 7 x 500 lb on other targets. Bomb disposition unknown of 2 lost a/c.

Box I - MW - UNIDENTIFIED. No bombs within 1000 ft. radius of D.F.I. Foot pattern 2000 ft. SE of D.F.I. strikes on air line and high way, probably entering both. Majority of hits were in forest. Box II - MW - UNIDENTIFIED. No bombs within 1000 ft. radius of D.F.I. Good concentration 3700 ft. E of D.F.I. strikes in forest and on secondary road.

387 BG: 34 a/c dispatched (including 2 MW), 33 dropping 122 x 1500, 8 x 500 lb on primary. 1 a/c failed to bomb: mechanical failure. No losses, damage, casualties.

Box I - MW - UNIDENTIFIED. All bombs were 1000 ft. from D.F.I. Dispersed concentration about 2100 ft. E of D.F.I. across one secondary road and in woods. Box II - MW - UNIDENTIFIED. All bombs were 1000 ft. from D.F.I. Dispersed concentration about 2100 ft. E of D.F.I. across one secondary road and in woods.

391 BG: 32 a/c dispatched (including 2 MW), all dropping 840 x 150, 8 x 500 lb on primary. 8 a/c did battle-damaged; no losses, casualties.

Box I - MW - UNIDENTIFIED. All bombs outside 1000 ft. radius of D.F.I. scattered pattern, scattered about 4000 ft. SE of D.F.I. Bombs fell across air, highway, and in woods. Box II - MW - UNIDENTIFIED. All bombs outside 1000 ft. radius of D.F.I. Good concentration, centered in woods 2700 ft. E of D.F.I. some strikes on secondary road and in woods.

392 BG: 32 a/c dispatched (including 2 MW), all dropping 475 x 250, 8 x 500 lb on primary. No losses, damage, casualties.

Branch (Oil Storage Depot)

Two groups attacked an oil storage depot, a marshalling yard, and a storage depot, recording significant but undetermined results.

GROUP RESULTS

S E C R E T

SECRET

5 additional a/c flak battle-damaged; 6 crewmen missing.

Visual bombing by boxes on group lead from 12,000 feet. Box I PFF dropped on Primary on equipment; Box II PFF dropped on group lead on Other target.

Box I - DAPI - UNDETERMINED. Bursts do not appear on any of four rolls of negatives, probably due to type of bombs employed, and heavy ground haze. However, ground features can be identified as I/A. Bombardier reports bombing visually through breaks in clouds with fair results.

Box II - DAPI - UNDETERMINED. Unable to identify Primary through breaks in clouds. Bombed town of Rothenburg (S-770889), 39 1/2 miles SSW of Primary. Incendiary bursts do not appear on any of negatives, but ground features are identified as town of Rothenburg. Crews report good results.

Wurzburg (Marshalling Yard)

387 BG: 34 a/c dispatched (including 2 PFF), all dropping 128 X 1000, 8 X 500 GP on Primary.

2 a/c flak battle-damaged; no losses, casualties.

Visual bombing by flights from 10,500 - 12,500 feet. Box I PFF dropped on group lead, Box II PFF visually.

Box I - Flt. A - DAPI - EXCELLENT. 80 percent of bursts within 1000 ft. radius of DAPI. Excellent pattern, centered approximately 900 ft. S of DAPI. Bursts on E edge of river bank. Later photographs show this flight started fires in three large storage warehouses on western border of sorting sidings.

Flt. B - DAPI - EXCELLENT. 70 percent of bursts within 1000 ft. radius of DAPI. Pattern is centered approximately 920 ft. NW of DAPI, on eastern river bank. Still pattern to S, possibly pathfinder bombs, as bursts appear smaller.

Flt. C - DAPI - SUPERIOR. All bursts inside 1000 ft. radius of DAPI. Good pattern, centered 170 ft. W of DAPI. Bursts track across sorting sidings, causing one major explosion, which appears to have set off explosion at far end of goods wagon train, near S end of Marshalling yard, also severing through lines, and destroying or badly damaging 30 goods wagons.

Box II - Flt. A - DAPI - EXCELLENT. All bursts within 1000 ft. radius of DAPI. Excellent pattern centered 790 ft. W of DAPI, falling in river and on E bank.

Flt. B - DAPI - SUPERIOR. All bursts inside 1000 ft. radius of DAPI. Good pattern centered 150 ft. S of DAPI, blanketing center of sorting sidings in area of closely parked goods wagons. Probably also severed through lines.

Flt. C - DAPI - SUPERIOR. All bursts within 1000 ft. radius of DAPI. Superior pattern centered 245 ft. S of DAPI, blanketing eastern choke point and goods wagons in this area, causing a major explosion.

323 BG: 32 a/c dispatched (including 2 PFF), all dropping 120 X 1000, 4 X 500 GP, 4 X 500 Frag on Primary.

7 a/c flak battle-damaged; no losses, casualties.

C - 1

SECRET

1950

THIS PAGE DECLASSIFIED IAW EO12958

S E C R E T

the N/I, E. of depot. Later photos show it to be completely destroyed at a point directly over tracks.

Flt. B - DAPI - DUPLICATOR. 100 percent of bombs within 1000 ft. radius of DAPI. Center of excellent concentration is approximately 140 ft. N. of DAPI. Pattern blankets DAPI, and cuts completely across both depot area and N/I, E. of it. Later photos show that at least three large buildings in depot area were fired by this strike, and one of these can be seen to be about one-half destroyed. Goods wagons and tracks in N/I were probably damaged or destroyed.

Flt. C - DAPI - EXCELLENT. 85 percent of bombs within 1000 ft. radius of DAPI. Center of excellent concentration is approximately 680 ft. E. of DAPI. Main weight of bombs is in N/I, E. of depot area, with some near misses to warehouses immediately adjacent to it. The N/I, in area of strikes, contained upwards of 20 goods wagons and several loading tracks. These and the track system, which was narrowing down to near choke-point width, were probably damaged.

Box II - Flt. A - AAPI - SUPERIOR. Bombardier misidentified AAPI, selecting for AAPI the edge of a building in depot area, approximately 1100 ft. E. of DAPI. 100 percent of bombs are within 1000 ft. radius of AAPI. Center of excellent concentration is approximately 90 ft. E. of AAPI. Pattern blankets building, the edge of which was AAPI. Later photos show this building to be partly destroyed, as is a wing of a very large building immediately S. of it. N. of AAPI a smaller building caught fire some time after bombs hit. It can be seen burning fiercely before bombs from Flt. C, Box II, hit.

Flt. B - DAPI - UNSATISFACTORY. No bombs within 1000 ft. radius of DAPI. Center of excellent concentration is approximately 2750 ft. NW of DAPI. Bombs cut across N/I for nearly its entire width, close to its northern choke-point. Goods wagons, normal level and elevated tracks were probably damaged in area of strikes. Bombardier states he was synchronized at bombs away.

Flt. C - DAPI - EXCELLENT. 100 percent of bombs within 1000 ft. radius of DAPI. Center of excellent concentration is approximately 375 ft. E. of DAPI. Pattern blankets building S. of DAPI, as well as wing of large building still farther S. Since these buildings were hit by previous strikes it is very probable that they and their contents were destroyed or very severely damaged.

Warzburg (Storage Depot)

410 BG: 43 a/c dispatched (38 A-20, 3 B-26, 2 PFF), 37 (35 A-20, 2 PFF) dropping 218 X 500 GP on Primary. 3 B-26 window a/c.

3 a/c failed to bomb: 2, weather; 1, other (bombs did not release - racks checked out on ground; possible personnel error).

No losses, damage, casualties.

Visual bombing by flights from 11,000 - 12,500 feet. Both PFF a/c dropped on equipment.

Box I - Flt. A - DAPI - SUPERIOR. 100 percent of bombs within 1000 ft. radius of DAPI. Long, tight pattern centered inside yard, 130 ft. E. of DAPI. Bursts blanketed main line, sidings and approximately 20 RR cars, severing 3 strings of cars near center of yard.

E - 1

no photo coverage due to clouds, smoke, and adverse action. Ground report good to excellent results by visual observation.

Bombing by boxes on RV lead from 12,500 - 13,500 feet.

4 A-26 a/c flak battle-damaged; no losses, casualties.

1 A-26 a/c failed to bomb: weather.

on primary.

416 DG: 40 a/c dispatched (38 A-26, 2 RF), 39 dropping 222 x 500 lb, 8 x 500 GP

and destroy a number of railroad cars. extending across main line and forward; slings to blanket DFL, blanket small building at west edge of R/I, and radius of DFL. Excellent pattern centered in area of bombs within 1000 feet

FLIGHT B - DFL - EXCELLENT. 100% of bombs within 1000 feet radius of DFL. Excellent pattern centered in area of bombs within 1000 feet radius of DFL. Bursts extend from small building at edge of R/I, slings, and pattern extended to eastern edge of yard.

FLIGHT A - DFL - EXCELLENT. 100% of bombs within 1000 feet radius of DFL. Excellent pattern centered at edge of R/I, slings, and extend across main line. Several buildings, and extend across main line.

FLIGHT C - DFL - EXCELLENT. 100% of bombs within 1000 feet radius of DFL. Excellent pattern centered on and near main line, 380 feet south of DFL. Bursts extend from small building at western edge of R/I to blanket main line, slings, and approximately twenty to thirty railroad cars.

FLIGHT B - DFL - EXCELLENT. 100 percent of bombs within 1000 ft. radius of DFL. Excellent pattern centered on forward side of R/I, 700 ft. south of DFL. Bursts extend from small building at edge of yard to blanket main line and slings. Direct hit scored on two slings at R/I, destroying a large number of RR cars.

FLAK ANALYSIS ALEX

A/C OVER ENEMY TERRITORY	351
A/C LOST TO FLAK	1
A/C BATTLE DAMAGED	32
% A/C BATTLE DAMAGED	9.42%
<u>Ebrach Oil Storage</u>	<u>322, 391, 344, 386 Gps.</u>
A/C Lost to Flak	1
A/C Battle Damaged	14
% A/C Battle Damaged	11.62%

Three groups reported nil flak at target. However, the 391 Gp encountered weak inaccurate fire in target area. The 386 Gp encountered moderate accurate fire that lasted about 2 minutes in the vicinity of Karlsruhe (R-420470). The lost a/c received a direct hit in the fuselage aft of the turret. The tail was blown off and a/c went down out of control in the vicinity of Karlsruhe. No chutes were seen.

<u>Wurzburg M/V</u>	<u>387, 323, 394, 409 Gps.</u>
A/C Lost to Flak	0
A/C Battle Damaged	14
% A/C Battle Damaged	9.86%

Weak to moderate accurate heavy flak was encountered by all groups in target area. The 387 Gp reported the fire was accurate on low flight of Box II only. 323 Gp reported that flak first engaged them on last part of bomb run and followed through turn off target. The crews also reported that they observed a 4 gun battery firing near M-500380. 387 Gp also reported observing fire from this area. At a point near Waldbüttelbrunn (N-520345), several roads make an intersection. The usual enemy flak position is in the neighborhood of such a spot.

<u>Wurzburg Storage Depot</u>	<u>410, 416 Gps.</u>
A/C Lost to Flak	0
A/C Battle Damaged	4
% A/C Battle Damaged	5.0%

Both groups reported weak to moderate accurate flak in the target area. The same guns that were engaging the previous attack were probably in action.

SECRET

PUBLIC RELATIONS
PRESS RELEASE

NINTH BOMBARDMENT DIVISION HEADQUARTERS, France, March 31'---American tanks and infantry advancing in the face of new opposition toward the German city of Murnburg Saturday drew a valuable assist from 400 medium and light bombers, striking heavy blows against the Murnburg railway yard and storage depot and enemy oil reserves at Ebrach, 27 miles northwest of Murnburg.

With skies over Western Germany clearing gradually, Major General Samuel E. Anderson sent his Ninth Bombardment Division's bomber forces out in mid-morning equipped to attack either visually or by instrument. Both bombing techniques were employed, with results of attack varying from unobserved to superior. Although enemy fighters were not sighted throughout the 75-minute offensive, flak defenses were active and one medium bomber is missing.

In the Murnburg dual assault, Marauders and Invaders singled out the town's large railroad yard, located on the main line between Frankfurt and Murnburg, while other Invaders, with a Havoc force, rained high explosives on a nearby storage depot. Crews had been told that an enemy counter-attack, if planned, might be expected from this direction.

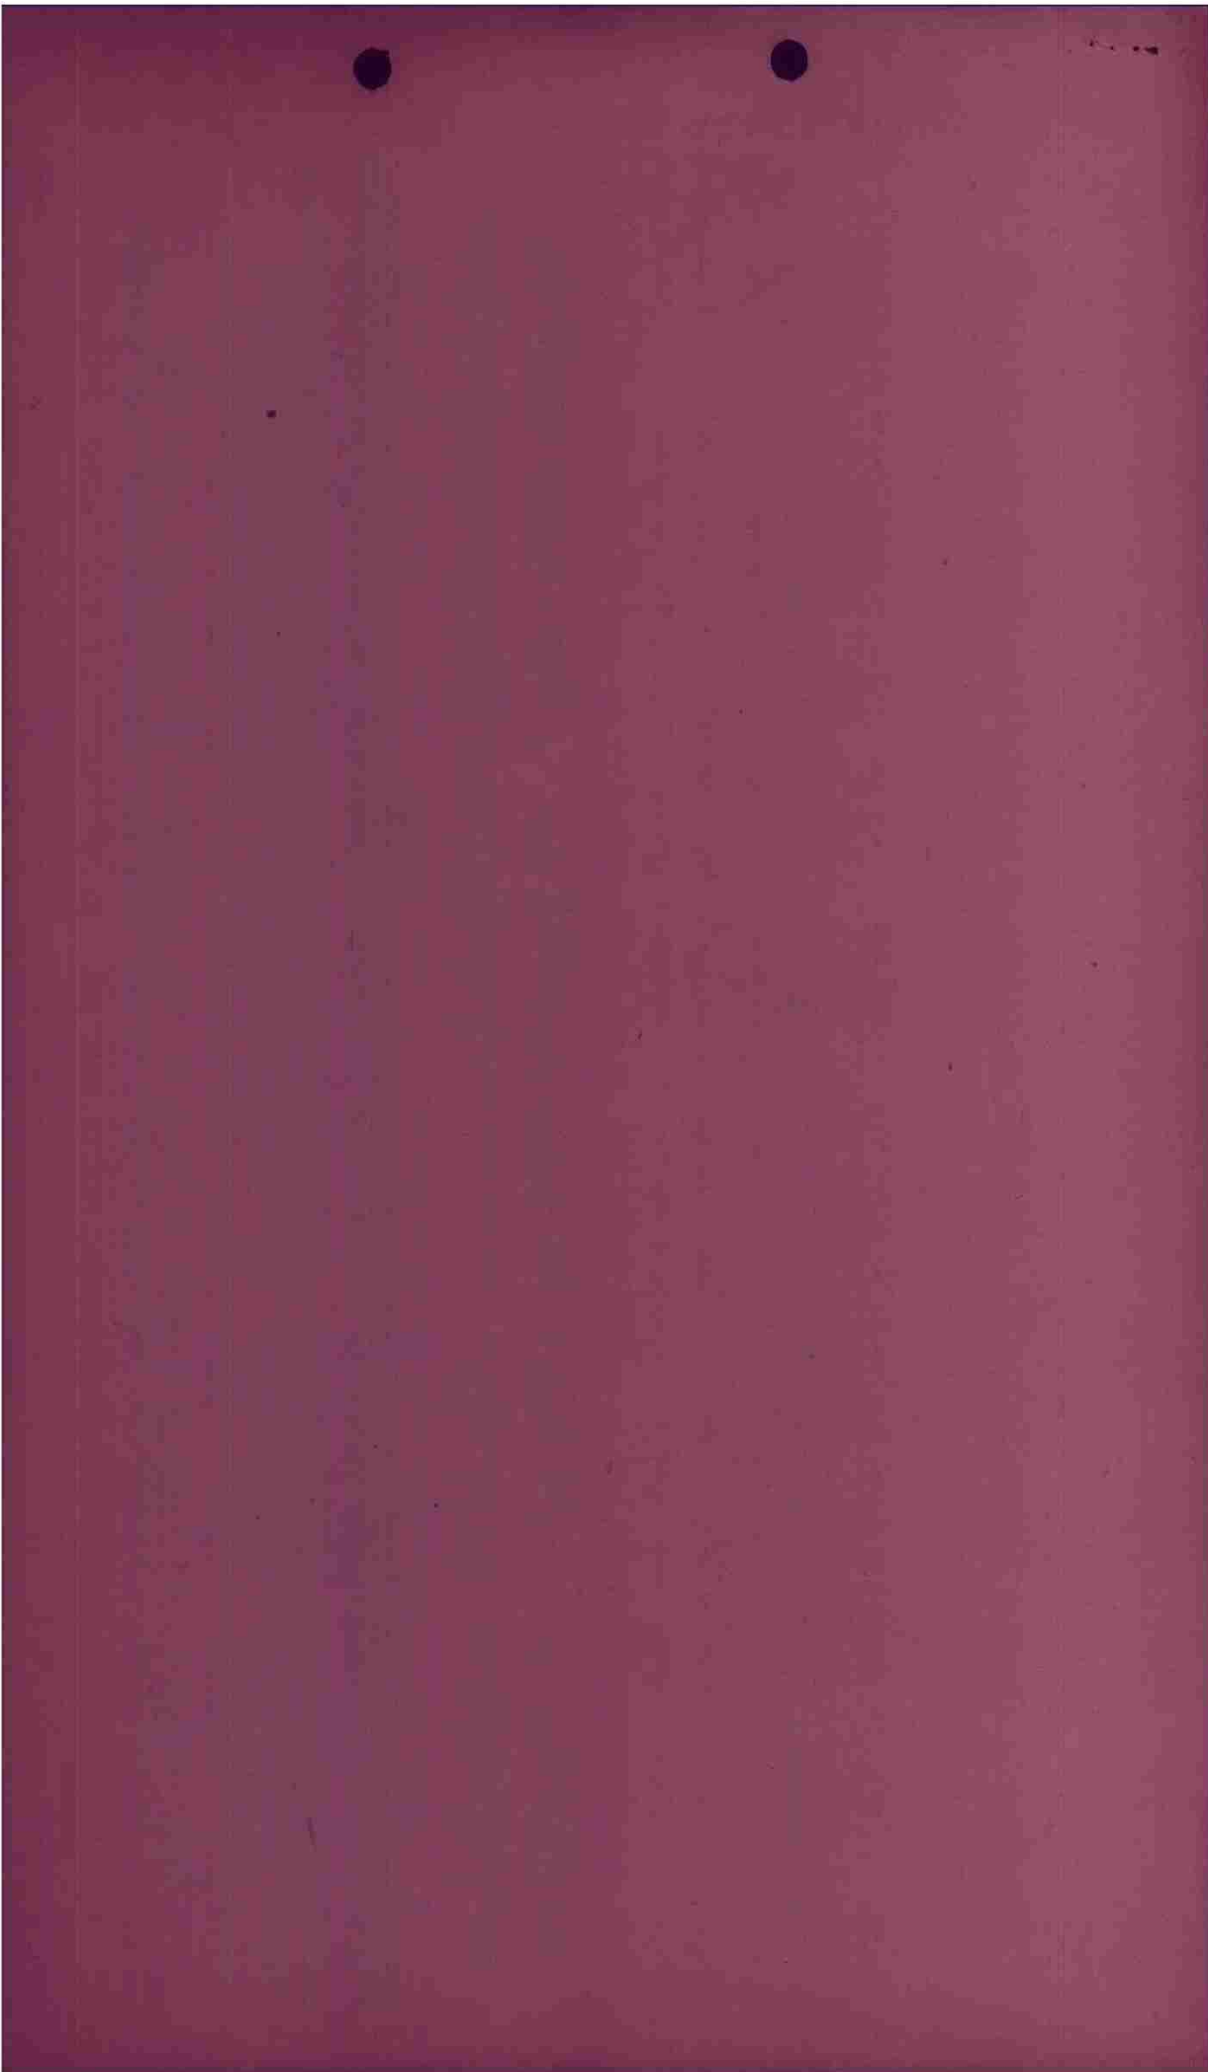

The Murnburg rail yard, which aerial reconnaissance had revealed very active with military traffic, sustained heavy damage, according to returning crews. A Marauder pilot and flight leader reported seeing tank cars at both ends of the yard in flames. Explosions and oil fires also were spotted by other crew members.

At the nearby storage depot, which comprises some 11 warehouse buildings served by road and rail, bombs crashed into the target area and set off a series of explosions, Invader and Havoc crews reported.

Still other Invader formations, together with Marauders, struck at the enemy's dwindling oil reserves at Ebrach, but results were unobserved to only fair. The attack was in continuation of the Ninth Bombardment Division's program to destroy scattered oil depots and completely immobilize the Wehrmacht.

Mission #258--31 March '46 (AM)

Thirty-eight planes took off to attack the Wurzburg storage depots. Patchy weather at the target made target identification difficult. The box leader of the first box decided to bomb on the PPF plane. The box leader of the second box decided to attempt a visual attack. Bombing by boxes, the results, as seen through the clouds, appeared to be very good. Violent explosions and clouds of smoke that billowed high into the sky indicated good hits on the target.

Moderate and fairly accurate flak was encountered along the last few seconds of the bomb run. Although about four planes suffered minor damage, all planes returned safely. No enemy planes were sighted.

The twoboxes were led by Capt. Miller and Lt. Col. Napier.

MISSION NO. 258
Box II
31 March 1945

USAAF FORM 34A

S E C R E T

SECRET

HEADQUARTERS
416TH BOMBARDMENT GROUP (L)
Office of the Commanding Officer

AUTH: CO STA
DATE: 2 April 1945
INIT:

TO: Commanding General, 9th Bombardment Division (M), APO 143, U. S. Army.
Attn: Statistical Control.

From: 416th Bombardment Group (L), APO 140, U.S. Army.

Ref: Oprep A No. 342 for 24 hrs. ending midnight 31 March 1945
Mission or Operation No. 358 9721 CNY TO 8232-227

A. Short Narrative of Operation:

Target Warburg Storage Depot
Place of take-off Station 2-69
Place of landing Station 2-69
Take-off time 0905 Landing time 1012
Time over target 1025-1030 Bombing Altitude 12500-13000
Nature of mission Bombing Other None
Weather 5 to 8/10's clouds, temp 12000, dew 5 to 6000. Visibility 2-3 miles.
Results Unobserved
Enemy opposition Moderate accuracy B7 at target.

B. Type & model of aircraft:

1. Dispatched 30 B-29's
2. Attacking target (indicate target) or completing mission.
37 Warburg Storage Depot
3. Abortive due to:
 - (1) Weather: None
 - (2) Personnel: Pilot error - pilot lost formation.
 - (3) Mechanical: None
 - (4) Other: None
4. Missing (i.e. cause and place unknown) None
5. Destroyed - before reaching target None
giving cause where known
6. Destroyed - over or after leaving None
target giving cause where known
7. Damaged (give category & cause) 4 category "A" - flak
8. Sorties 37

S E C R E T

(over)

GEORGE SCHENKEL
Captain, Air Corps,
Adjutant.

For the Commanding Officer:

E. Destroyed
F. Prob. Pos
G. Damaged

H. Enemy aircraft by type or description (tentative claims):
